REPORT OF THE LIBRARIAN

It may be of interest to the citizens of Belmont to call to your attention a few highlights concerning the library. During the past year all outside woodwork and iron grillwork has been painted. The front steps have been repaired. Walls were repaired and painted in some places in the interior.

Books of interest to all age groups have been added to our collection.

Belmont Library, in cooperation with the libraries of Bristol, Franklin, Tilton and Canterbury, has been awarded a thousand dollar grant from the Shieling Trust Fund of the New Hampshire State Library. This has been used to purchase books which might be too expensive for local libraries to own.

The library, through facilities offered by the Purchasing Department of the New Hampshire State Library, has been able to purchase books at a greater discount than would otherwise be possible.

REPORT OF BELMONT POLICE DEPARTMENT

For the Year Ended December 31, 1962

Following are some of the activities of your Belmont Police Department during the year 1962.

Officers on routine patrol checked out a vehicle parked in a field and apprehended three juveniles with loaded guns in a stolen car, thus solving several breaks in different parts of the state and recovering stolen weapons and ammunition. The youths are now confined at the State Industrial School.

Answering a family argument call, two of our officers were assaulted by a man with a rifle. Before they were able to disarm him, he fired several shots at them. This case is now pending in the courts.

A man who issued \$328 in fraudulent checks cashed at a local market, then left town, was tracked down and apprehended, and made full restitution through the court.

This department participated in the arrest of a local man for alleged incest and statutory rape upon his daughter. Convicted, he is now serving a 3-5 year term in State Prison.

A subject who stole a paycheck from a local worker, forged another name to it and cashed it at a Winnisquam store was apprehended, found guilty, and made restitution.

Several breaks were solved and property recovered, including 174 pairs of stockings taken from the local Hosiery Mill, and articles taken in a housebreak on Plummer Hill.

Our officers have tried to prevent rowdiness by policing public and school events. An intensive campaign was launched after complaints of juvenile drinking, and the dances at a local establishment were closed down when it was found to be a source of trouble.

The practice of patrolling the highways for motor vehicle violations when it interferes with answering complaints or covering the village and town roads has been stopped. In 1962, our court cases were 46% criminal and 54% motor vehicle, in comparison with 16% criminal and 84% motor vehicle the previous year. Of the 103 arrests made in 1962 almost half, or 48, were made in the village or on town roads.

Our officers worked 3,122 hours and travelled over 20,000 miles on a budget of \$2,200. We lost two good officers during 1962, primarily due to inadequate pay. This situation promises to worsen before it gets better, unless the people of Belmont insist upon an adequate budget for their Police Department. It is difficult to ask men to face loaded guns, lose time from their regular work, and push their personal cars through all kinds of weather, for less than 50 cents an hour.

We wish to thank Sheriff Rodney Crockett and his staff, the Selectmen, and most of all, the people of Belmont for their continuing assistance and support.

Respectfully submitted,

EARL M. SWEENEY

Chief of Police

REPORT OF FOREST FIRE WARDEN

Costs of suppressing carelessly set outdoor fires in New Hampshire in 1962 cost the persons responsible \$5,545. In the same period, the cost to the cities and towns for control of such fires for which no responsibility could be placed cost another \$24,634. What utter waste of tax money and what shameful and needless loss of timber and esthetic values in the 2200 acres burned. Residences, farms and other business places were threatened with possible total destruction.

Carelessly set man-caused fires can be prevented if every citizen remembers his responsibility in regard to any source of fires in the open. We can help to keep our fire loss low by remembering these simple rules.

1. Dispose of burnable waste at the town dump.
2. If waste or brush is to be burned on the premises, obtain a permit from the forest fire warden. Seasonal permits may be issued for approved incinerators and sites.
3. Burn safely by picking a clean site, avoiding dry, windy weather and preferably burning late in the day.
4. Have something to keep the fire under control - pails of water, garden hose, sprinkling can, broom for grass fires or shovel will help.
5. Be sure your fire is dead out before you leave it.
6. If the fire gets out of control or if you see a fire out of control, report promptly to your warden or fire department. Continue to fight it until help arrives.

There is a potential danger when matches fall into the hands of children. It is never too early for parents to install in the child's mind a respect for fire.

Keep our town safe from fire.

In 1962 we had 4 fires.
We burned 6 acres.

REPORT OF THE WINNISQUAM FIRE DEPARTMENT, INC.

To the Voters of Belmont, N. H.

The Winnisquam Fire Dept., Inc. would like to thank the voters of the Town of Belmont for helping us to become a more efficient fire department.

This year with our own money, we put an addition on to our present station and also acquired a panel truck that will be built into a rescue truck.

New hose was purchased to replace hose damaged at fires and by old age. A portable electric generator was also added to our equipment.

Department members attended the Fire Training schools at Fitzwilliam, N.H. and Lily Pond in Gilford. Some of our members served as instructors at the Lily Pond Training School.

Our drills are advancing our training program and we hope helping to make us more efficient fire fighters.

We celebrated our 20th Anniversary this year, and hope to serve you even better in the years to come. We are ready to roll to your assistance any time of day or night, but please don't have a fire just to meet us.

The Winnisquam Fire Dept., Inc. answered 33 calls in 1962:

Tilton-----10	Sanbornton-----8
Belmont-----10	Outside-----5

We received Mutual Aid 6 times and answered 5 Mutual Aid calls.

Mutual Aid calls answered:

Laconia-----2	Gilford-----1
Tilton-----1	Belmont-----1

We would like to say thanks to the Belmont Fire Dept. for their assistance on Mutual Aid calls.

AUDITORS REPORT

This is to certify that I have examined the accounts of the School Board and Treasurer and find them correctly cast and properly vouched for the year ending June 30, 1962.

RUSSELL W. CUSHING
Auditor

REPORT OF THE SUPERINTENDENT OF SCHOOLS

Members of the School Board and Citizens of Belmont:

The School Board of Belmont has used the tax money, the state general aid, the state building aid, and tuition receipts to improve the equipment, the supplies, the curricula, the textbooks, the audiovisual materials, and maintenance of the schools. Belmont High School, with its modern Roland S. Kimball Auditorium, its excellent commercial department, science department, home economics, shop, library, and conventional academic classrooms, has improved the educational, musical, and social activities of the pupils.

The budget for 1963-1964 has been increased by the School Board and the Municipal Budget Committee to meet the new standards for approval by the State Board of Education effective September, 1963. These requirements are ones that Belmont would naturally have done within a period of time, so the state requirements brought early recognition of what the increased enrollment and improved curricula would have required.

The budget calls for two new high school teachers and one elementary teacher. It also calls for the Principal to be completely free to administer, organize, and supervise the school and the teachers. This new development will enable the Principal to keep in close touch with the problems of teachers and pupils, the opportunity to confer with parents, and to settle problems immediately instead of being handicapped with a teaching and study hall load.

Additional equipment has been provided to advance the modernization of the school. Gilmanton this year has increased the number of tuition pupils since they see the opportunity of individual instruction and attention, in addition to the participation in activities not open to many in a large city school.

The new auditorium provides for vocal and instrumental music, and the opportunity of developing a good band. Belmont plans to have an additional day of music next year.

The enclosed report shows the statistics and general educational history of Belmont.

I wish to express my deep appreciation and admiration for the four Belmont Board Members who have served the people and the schools faithfully, economically and intelligently during the past year for the best interests of the children of this generation and for the best education that the funds available will purchase. I refer to Chairman Maurice H. Simond, Jr., Mrs. Thelma Moulton, Mr. Robert E. Bordeau, and the former Chairman Suzanne Roberts.

My thanks and appreciation are extended to the Municipal Budget Committee, the Selectmen, the School Treasurer, the Principals and Teachers, the Custodians, the School Lunch Personnel, the Bus Superintendent and Operators, the Parent-Teacher Association with its deep interest and gifts, the Chief of Police and his Assistants, all civic groups, and all citizens of Belmont.

The people of Belmont through its terrific interest in education and willingness to sacrifice for better education are facing the future in the spirit expressed under School Education in the 1962-1963 Parent-Teacher Manual as follows:

"The decade ahead probably will be one of the most critical and decisive periods in human history. Never before has improved education of the nation's children and youth been so important as a first line of defense for our nation."

Cordially yours,

Gordon L. Fox
Superintendent of Schools
